OBJECTIVE

MERN Stack Web Developer with 2+ years of experience designing and building scalable, high-performance full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Proficient in developing secure and efficient RESTful APIs, crafting responsive and intuitive user interfaces, and integrating robust backend services. Passionate about writing clean, maintainable code, optimizing application performance, and delivering user-centric digital solutions.

EDUCATION

BS COMPUTER SCIENCE

June 2023 - Now

SUPERIOR UNIVERSITY

ICS

August ,2021 - May, 2023

PUNJAB GROUP OF COLLEGE

MATRIC

November,2019 - June,2021

GOVT CENTRAL MODEL SCHOOL LOWER MALL LAHORE

WORK EXPERIENCE

MERN Web Developer

2019 - Now

Self-Initiated Projects

Library Management Dashboard

- Built a full-featured library management system with MERN stack
- Designed a responsive admin dashboard with React and integrated secure RESTful APIs.

FileManagement System

- Developed a file management app using Next.js and Appwrite.
- Implemented user auth and secure file storage with preview support.

AI Chat App

- Developed an AI chat app using Next.js and integrated Gemini API for conversational responses.

SKILLS

Frontend:

HTML, CSS, JavaScript, React.js, Next.js,

Tailwind CSS

Backend:

Node.js, Express.js, Python

Databases:

MongoDB, SQL, MS SQL

Programming Languages: JavaScript, Python,

C++

DevOps & Tools:

Git, Docker

LANGUAGES

English Fluent

Urdu Fluent

TRAINING & CERTIFICATIONS

Introduction to Front End Development

PERSONAL INTERESTS

- Exploring emerging web technologies and modern frameworks to stay ahead of industry trends.
- Building side projects and contributing to open-source initiatives.
- Participating in coding challenges and hackathons to sharpen problem-solving skills.
- Focusing on UI/UX design principles and continuous interface performance optimization.

CAREER HIGHLIGHT

- Architected and delivered scalable, production-ready full-stack applications using the MERN stack, ensuring performance, security, and long-term maintainability.
- Developed and optimized secure RESTful APIs and backend services, improving system reliability and data efficiency.
- Built responsive, high-quality user interfaces with React.js, Next.js, and Tailwind CSS, focusing on usability, accessibility, and performance optimization.
- Collaborated across teams, contributing to code quality, best practices, and efficient development workflows using Git and Docker.
