WORK EXPERIENCE

Full Stack Developer - Intern

Mar 2026 - April 2026

Hex Softwares

- Developed full-stack MERN applications with responsive UI and scalable backend services.
- Built APIs, managed databases, and implemented authentication and CRUD features.

MERN Web Developer

2021 - Now

Self-Initiated Projects

- Library Management Dashboard** – Built a full-stack Library Management Dashboard using Next.js, Node.js, and FastAPI with RBAC for managing books, users, and library operations for admins and clients.
- AI Chat App** – Developed an AI-powered chat application using Next.js with Gemini API integration for smart responses.
- File Management System** – Created a secure file management app using Next.js and Appwrite with authentication, storage, and file preview features.
- Real Time Multiplayer Snake Game** - Built a real-time multiplayer Snake game using React.js, Node.js, and Socket.IO with live player synchronization and game state management.

EDUCATION

Matric

July, 2019 - July, 2021

Govt Central Model School

ICS

August, 2021 - September, 2023

Punjab Group Of Colleges

BS Computer Science

September, 2023 - Now

Superior University

TRAINING & CERTIFICATIONS

Introduction to Front End Development

Udemy / 2022

Introduction to SQL

Coursea / 2025

PERSONAL INTERESTS

- Exploring new web technologies and framework.
- Building side projects and open-source contributions.
- Participating in coding challenges and hackathons UI/UX design and interface optimization

CAREER HIGHLIGHT

- Developed full-stack applications using the MERN stack with scalable frontend and backend solutions.
- Integrated RESTful APIs and third-party services while optimizing performance and user experience.
